

FINSBURY PARK + STROUD GREEN NEIGHBOURHOOD PLAN

*Planning Sub-Group
20th March 2021*

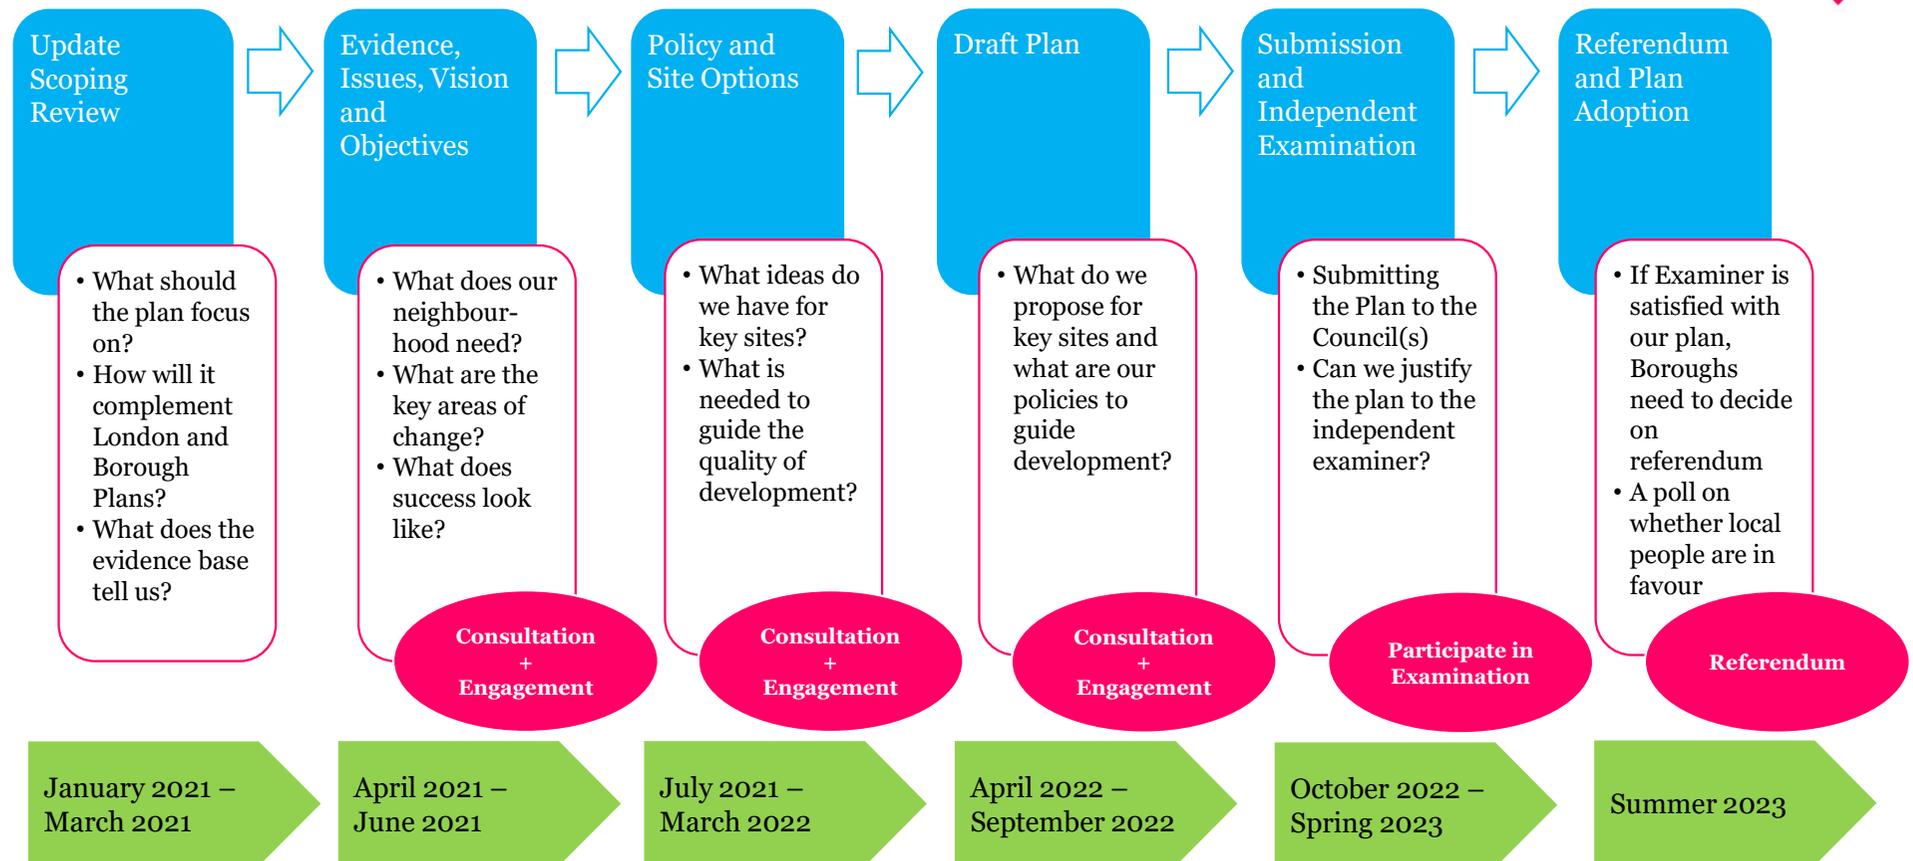

Agenda

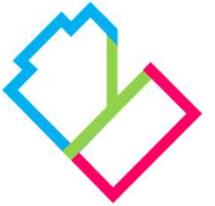

- Programme and what we do next
- Update on Scoping
- Break
- Update on mapping of constraints/opps
- Agree next meeting

Programme

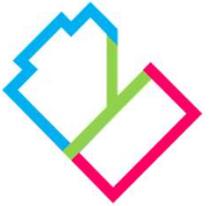

Programme

- Update Scoping Review Jan to March 2021
- Evidence, issues, vision April to June 2021
- Policy and Site Options July 2021 to March 2022
- Draft the Plan April - September 2022
- Submit and Examination October 2022 - Spring 2023
- Referendum and Plan adoption Summer 2023

Next Steps

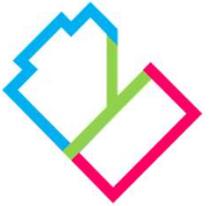

Phase 1

- Conclude Scoping Review
 - Decide - what kinds of thing will our plan cover?
 - What evidence and work will we need to prepare?
- Meet with Officers to agree scope, programme and assistance

Phase 2

- Visioning
- Evidence-base
- Engagement strategy

What evidence and work will we need?

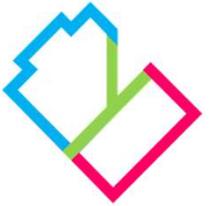

- Visioning for the Town Centre and Neighbourhood
- Assessment of Social and Community infrastructure needs
- Call for sites
- Constraints and Opportunities
- A spatial framework / masterplan for the Town Centre and key sites
- A Design Code
- Appraisal and Assessment work on sites and policy options

What evidence and work will we need?

- Assessment of Social and Community infrastructure needs
 - Health, community spaces, education, open space, culture, leisure and recreation
 - Define neighbourhood ‘ped-sheds’ (walkable neighbourhoods)
 - Map current provision
 - Assess its role/function
 - Greater than local significance?
 - FPSG-wide
 - Walkable neighbourhood
 - Benchmark provision
 - Identify deficit
 - Assess future needs based on different levels of population change
 - Identify future requirements and how these might be provided

Vision

A Vision should

“set out the community’s overall vision for the area and should include overall aims for its future development. These can relate to a wide range of planning and regeneration matters – social, economic and environmental. The vision and aims of the plan can then be translated into detailed policies, guidance and proposals later in the plan.”

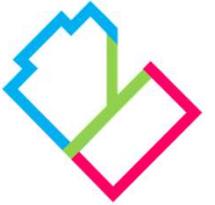

Vision

Questions for a vision

- What are the social, environmental and physical trends affecting the area?
- What agenda is set for our area by the London Plan and national policy?
- What aspirations should we have?
- What is our area's USP?
- What is it that makes our area distinctive, attractive and desirable?
- What is its unrealized potential?
- What weaknesses need to be addressed?
- How to balance ambition and realism?

Vision

- What material do we need to inform a vision?
 - A SWOT analysis
 - Existing or new evidence work
 - Do we have feedback from previous community engagement that could help?
 - Do we need fresh community engagement in order to come up with initial vision?
 - If so, when and how?
 - How to workshop it?
- When we have a draft vision (or ideas on vision), we need to consult and engage on it, probably in June
 - Homework for Engagement sub-group

Tasks for next three weeks

- Conclude Scoping ASAP
- Organise meeting(s) with officers
- Prepare a mini-workplan for developing the Vision
- Prepare engagement strategy for period to June 2021
 - Informing work on the vision (if needed on top of material already gathered)
 - Consulting on the draft vision
- Set terms of reference and resourcing for evidence work
 - Prioritise Social and Community Infrastructure needs
